Blueberry Ice Cream

South Carolina summers bring ripe blueberries to roadside stands, farmers' markets and local grocery stores. Round and smooth-skinned blueberries are juicy and sweet. Cultivated blueberries comprise the majority of those that reach the market and the season can span from May through October. Choose blueberries that are firm, uniform in size and indigo blue with a silvery frost. Discard shriveled or molded berries. Don't wash the berries until you're ready to use them. They can be stored in a single layer in a moisture-proof container in the refrigerator for up to 5 days. Fresh blueberries are delicious in muffins, breads, cobblers, pancakes, salads or best of all ---- in homemade ice cream!

Pour mixture into a lightly greased 8-inch round baking dish. Sift the flour, 1/2 cup sugar, baking powder, and salt into a mixing bowl. Add the milk and 4 tablespoons of softened butter and beat with an electric mixer until smooth. Pour flour mixture over fruit. Sprinkle top with 2 tablespoons sugar and nutmeg. Bake for 30 minutes.
